Southbound I-35 from Independence Avenue to Oak Street Ramp Closed This Weekend

Independence Avenue Loop Ramp Temporarily Closed

KANSAS CITY, Mo. – Southbound lanes on Interstate 35, from just south of MO Route 24/Independence Avenue to the Oak/Grand/Walnut Street exit ramp (4A) will close as asphalt overlay work begins after rush hour traffic on Friday, Sept. 10, 2010. Due to this work, the Independence Avenue loop ramp to southbound I-35/westbound I-70 will close. Northbound MO Route 71 lanes to southbound I-35 will also close during this work. The on-ramp from Oak/Grand/Walnut Street will be open to MO Route 24/Independence Avenue only.

The Independence Avenue loop ramp, westbound I-70 and southbound I-35 lanes will reopen prior to peak morning travel on Monday, Sept. 13, 2010.

Motorists may access southbound I-35 by using eastbound I-70 to westbound I-670 to southbound I-35 (to the south side of the downtown loop) to bypass this closure.

All construction activities are weather dependent and subject to change. Updated lane closure information can be found on the project's Web site at www.kcicon.com or by calling the information hotline at 816-841-8888.
